

## 2<sup>nd</sup> International Symposium on the Education in MECHANISM AND MACHINE SCIENCE

November 23-24, 2017, Madrid, Spain

### ISEMMS 2017

<http://www.uc3m.es/iseemms17>

#### Organized by:

Department of Mechanical Engineering,  
Universidad Carlos III of Madrid

#### In coordination with IFToMM –

Permanent Commission on Education

#### AIM

The aim of the second Symposium is to establish a stable framework of interchange of experience among researchers of the mechanism and machine science with special emphasis in the New Learning Technologies and globalization.
